Orpheum! TALKIES

Home of Real

Friday and Saturday "PARIS"

Irene Bordoni - Jack Buchanan - Zasu Pitts
Jason Roberts - Louise Closser Hale and Hundred
other stars

Do-La-Lo! You must come over and see "Paris." One of the French-
est of French farces. Gowns to dazzle your eyes, tunes to haunt
your memory. Songs—"Miss Wonderful," "Somebody Mighty Like
You," "My Lover" and others, with thrilling technicolor scenes. Its
spicy and speedy comedy, with a dash of paprika, Hot—you'll say it.
Come! Come! Come See.

Next Monday, Tuesday and Wednesday TED LEWIS

'Is Everybody Happy'

ANN PENNINGTON - ALICE DAY

You can't afford to miss this one—It's sure a happy picture

COMING

"ON WITH THE SHOW" - "YOUNG EAGLES"
"SHADOW RANCH" - "LADIES LOVE BRUTES"
"PARAMOUNT ON PARADE" - "COURAGE"

Don't fail to see "Paris" Friday & Saturday
It has Spectacle! Technicolor! Girls! Gowns! Romance! Laughs!
Singing! Dancing! Talking! and much more.

Keep the date open for Oct. 2, 3 and 4

ELK LODGE STARTS

CLUB-FEATURE NIGHTS

On Wednesday night of next week
October 1st, the local Elk lodge is
staging a club evening for members
and friends, in the Moose Hall, and
hopes to continue such social func-
tions throughout the winter months.

Besides the features of bridge
rummy, hold'em, etc., to which it is
hoped to add rust golf later, the
event next Wednesday will be a fare-
well for J. S. Whyte, an ardent mem-
ber of the organization since its in-
ception six years ago, who is leaving
shortly for Vancouver.

Members are asked to bear this in
mind, and make provisions to be pre-
sent.

PUBLIC LIBRARY

Mr. Greig brought in six more
books this week. The Library Board
greatly appreciate Mr. Greig's dona-
tions. Last week the number of
books loaned, almost doubled over
the week before. The Library will
be glad to help you secure instruc-
tive and interesting reading for the
winter. Library hours, Tuesdays and
Saturdays from 7 to 9 p.m.

OH, THOSE EYES! WHOSE EYES? IRENE BORDONI!

The most beautiful, expressive,
naughty eyes on the stage have finally
come to the screen.

They are Irene Bordoni's, and the
thousands who have seen her in her
stage plays will never forget them.
When "Paris" comes to the Orpheum
theatre, Friday and Saturday, these
famous eyes will be seen on the sil-
ver screen for the first time.

Miss Bordoni is famous for her
French characteristics, for her
quaint Parisian accent and her sparkling
songs. The talking screen has
"caught" all these details and the
French star will both talk and sing in
"Paris," which was adapted for the
screen from her latest and greatest
stage success.

"Paris" is a story of the "city of
light," and concerns a French stage
star and an English musical comedy
favorite. The latter is portrayed by
Jack Buchanan, idol of the London
stage, who has been featured in sev-
eral editions of Charlot's Revue, and
has also been starred on the New
York stage.

Others in the cast are Louise Closser
Hale who played in the stage ver-
sion of "Paris"; Jason Roberts popu-
lar screen player; Zasu Pitts and
Margaret Fielding.

"Paris" was written for the stage
by Martin Brown and adapted for
the screen by Hope Loring. Clar-
ence Badger directed the picture.

CHANGES IN TRAIN SERVICE

Changes in passenger trains for
fall and winter service on the Cana-
dian National Railways in western
region are announced for September
28th, according to R. Croftman, Pas-
senger Traffic Manager, Winnipeg.

While there are a number of
changes in the various districts in
each province some of which are the
usual changes made each year at this
season, the most important is the
discontinuance, temporarily, of "The
Confederation," in the west, but this
train will continue as heretofore be-
tween Winnipeg and Toronto, under
the name of "The National."

PASS TOWNS FORM

CH. KIT LEAGUE

At a well attended meeting of
cricket enthusiasts from the four
mining camps of Bellevue, Hillcrest,
Coleman and Blairmore, held at the
Cosmopolitan hotel here on Thursday
evening last, it was decided to form
a league, to be known as the Crows'
Next Pass Cricket League, compris-
ing the four camps and other neigh-
boring towns that wish to form a
cricket club and apply for mem-
bership.

It is the plan of the new sports
body to commence as early as possi-
ble in 1931 with a full schedule of
matches, and to affiliate with the Al-
berta branch of the Amateur Athletic
Union of Canada, if that body decides
in favor of cricket.

Officers were elected for the en-
suing year and with two representa-
tives from each club, to be named
later, will form the executive. It is
to be hoped that the different Legions
and other towns in the district and
other towns, that are desirous of
joining the league, will forward their
applications to Ed. D. Royle, sec-
retary-treasurer, before the schedule of
matches is drawn up next spring.

We understand that the local club
games will be well taken care of in
the scheme now being carried out in
the improvements being made at the
local Athletic park, and that a cricket
pitch will be made inside the new
track.

The slate of officers appointed at
the organization meeting of last
Thursday, comprises the following
gentlemen:

Honorary presidents—Wm. Steven-
son, Hillcrest; Chas. Emerson,
Bellevue; O. E. S. Whiteside and G.
Kellok, Coleman; J. Charbonnier, G.
A. Vissac, R. Green, F. M. Thomp-
son and J. A. Stewart, Blairmore.
President—J. Daulty, Hillcrest.
Vice-president—H. Blake, Blair-
more.
Secretary-treasurer—Ed. D. Royle,
Blairmore.

"GOOD NEWS" SPECTACULAR TALKIE OF STAGE HIT

"Good News," which will open Fri-
day, at Cole's theatre, Bellevue, was
produced by Metro-Goldwyn-Mayer
under direction of Edgar MacGregor
and Nick Grinde, with Bessie Love in
the featured role.

This is a production of unusual in-
terest, because it brings to the screen
the famous Broadway success by
Lawrence Schwab and B. G. DeSylva
in contact with many of the original cast
appearing in supporting roles.

Others in the cast are Cliff (Ukulele Ike) Edwards, who needs no in-
troduction; Lela Lane, of "Speak-
easy" fame; Delmar Daves, author-
ator, who scored in "So This is Col-
lege;" Frank McGlynn, noted for his
Abraham Lincoln characterization;
Tom Jackson, who was the detective
in "Broadway" on stage and screen,
and Abe Lyman's famous band.

Lyman's band plays the musical
score throughout the entire picture.
This is their first American engage-
ment since returning from a trium-
phant European tour, where they
were featured in London's Kit Kat
Club.

Sammy Lee, M-G-M's director of
dancing ensembles, staged the spec-
tacular chorus numbers as well as in-
dividual dancing specialties.

The music and lyrics by DeSylva,
Brown and Henderson include the popu-
lar "Good News," "Varsity
Drag," "Lucky in Love," "The Best
Things in Life Are Free," "He's a
Ladies' Man," "Walk Collegiate,"
"Flaming Youth," "Happy Days,"
"Tall Song," "Today's the Day" and
"Girls of P. Beta Phi."

A man might just as well make a
fool of himself once in a while. If
he doesn't, some women will.

Empty Hours

William Lyon Phelps, professor of English literature at Yale University, has a thought-arresting article in one of the big United States magazines. He considers the character-revealing value of our leisure hours and the need of observing what we do with them if we are to have a real understanding of one another.

What does the average person do with his leisure? he asks. For, "except in the rare instances of creative work, it is leisure alone that reveals or betrays the man." Dr. Phelps goes even so far as to say that "the use of leisure eventually determines the fate of an entire community, or of an entire nation." He cites the fate of the Roman Empire, "destroyed, first, by too much leisure, second by the wrong use of it."

Throughout America nearly everybody works, if they can obtain employment, but the signs of the times seem certainly to indicate the coming of more leisure. Will the increased hours of leisure be empty or filled? And, if filled, what will be the character of their filling?

The writer, as a boy, worked ten hours a day, six days a week, at manual labor in a factory. There was little time for leisure, but he gained a portion of his education by snatching a couple of hours of study in the evenings. The 10-hour working day has passed. It faded away before organized labor's demand for "eight hours to work, eight hours to sleep, eight hours to do with as you like."

Now the 8-hour working day is gradually going into the discard. The growing demand of organized labor is for a 6-hour day and a five-day working week. It is contended that in this machine age, with the many mechanical marvels of today, one man, working much shorter hours, can produce more than it was possible for several men working longer hours to produce even a few short years ago. And it is true. And this development is given as one of the main causes of unemployment today. Hence, considerable force attaches to the demand for a shorter working day and fewer working days in order, if for no other reason, to provide work for a larger number of persons. Even on the farm, modern machinery is reducing the required number of hours and days of labor, and, consequently, in the number of men employed.

All this means increased hours of leisure. What are we going to do with them? Have you ever stopped to think just what you now do with your leisure? "The real business of life is Life." Men and women live in their leisure. If leisure means laziness, if leisure means only bodily pleasures, if leisure means only attendance at games and sentimental pictures, the mind stagnates and leisure becomes a detriment not an advantage, a curse rather than a blessing.

On the other hand if, by education and the increase of refinement, as Dr. Phelps says, men and women will make a profitable use of their increased leisure, the coming generations will be more civilized and more happy than at any previous period in their history.

It is within the compass of every person to become a "personality," to be in some degree different from others. The process is a mental one; the product, the outgrowth of how the leisure hours are spent.

The happiest people, concludes Dr. Phelps, "are those who think the most interesting thoughts. Interesting thoughts live only in cultivated minds. Those who decide to use leisure as a means of mental development, who love good music, good books, good pictures, good plays at the theatre, good company, good conversation—what are they? They are the happiest people in the world; they are not only happy in themselves, they are the cause of happiness in others."

Telephones In Australia

Can Now Carry On Conversation Over Phone For Distance Of 5,000 Miles

The Australian telephone and telegraph system, operated by the Commonwealth Postal Department, is being rapidly extended and within a few weeks it will be possible for Sydney people to talk directly by direct wire, a distance of more than 3,000 miles. A commercial radio telephone service between London, England, and any Australian capital is now in operation and within a few months the Commonwealth Government intends to establish a similar service between the Island State of Tasmania and the other states of the Commonwealth.

Lake Floor Below Sea Level

Recent Soundings Of Great Bear Lake Show Deep Spot
Great Bear Lake in the North West Territories has long been known to be very deep, but previous to 1927, when officers of the North West Territories Branch, Department of the Interior, Canada, visited the lake, no actual soundings had ever been made. In their several traverses of the lake, they took in all 65 soundings. The average depth of the lake was found to be between 50 and 60 fathoms. The greatest depth was 75 fathoms, and since Great Bear Lake is only 391 feet above the sea, the lake bottom at this spot is below the level of the sea.

Hard On the Engineers

Nerves Are On Edge Wondering What Motorist Is Going To Do

It is surprising that a large proportion of railway locomotive engineers are "jumpy." Can it be wondered at that the nerves of the average engineer and fireman are not nearly as steady as they were when motorists exercised greater caution when approaching level crossings?

So often the engineer, or his mate, on the other side of the cab, are kept in suspense as to the intention of the motorist—whether the person handling a car is aware of the approach of the train, and if he or she intends to stop the machine at a safe distance from the danger line.

One of the worst types, an experienced railway man tells us, is the motorist, travelling at a high rate of speed or at a lively clip, who does not give any indication that he proposes to slow up until he is dangerously close to the crossing, depending too much upon his brakes. More insane even is the driver who takes the chance of rushing across in front of the train.

Railway engineers and firemen urge that, if motorists of the kind mentioned, and others, none too cautious, have no regard for their own safety and that of others with them, then "have a heart" for the nerves of those operating trains.

No Place For Boys

Poland Compels Citizens To Bathe Once a Month

It is reported in a Polish newspaper that a bill is now being drafted which will compel every Polish citizen to take a bath at least once a month. A bathroom in the house will be accepted as evidence that the residents make reasonable use of it, but those who have no bathroom of their own must carry bath cards which will have to be stamped monthly by an official as proof that a bath has been taken. Children under 10 and elderly people over 70, it is said, are to be excused.

Of the 26,000 oil wells dug last year, 8,000 returned no oil.

A Remarkable Feat

Conversation From Airplane in Flight Covered Fourteen Thousand Miles

From an aeroplane 5,000 feet over Buenos Aires, Captain Lewis Vancey recently talked by radiophone with Sydney, Australia, thus telephoning from an aeroplane in flight over a distance of 14,000 miles, says Popular Mechanics Magazine. His conversation went by radio to a radiotelephone station in Buenos Aires, then by radio to Madrid. At Madrid the conversation was transferred to land lines of a telephone company which took it to the French border, where it was transferred again to other land lines and carried to the English Channel. A submarine cable took it to England, then other land lines carried the words to a radiotelephone station at Rugby, where Rugby the beam wireless carried the words to Sydney. The conversation was quite distinct.—Moose Jaw Evening Times.

Backward Babies

Thrive After Use Of Baby's Own Tablets

Derangements of the digestive organs are responsible for most of the ailments which afflict young children and keep them backward in development. Baby's Own Tablets regulate the stomach and bowels restoring them to normal action and this is all that is necessary to set the little sufferer safely on the road to health and happiness.

Baby's Own Tablets are specially designed to correct indigestion, constipation, colic; break up colds and soothe feverish and irritable children. They are sold by medicine dealers or by mail at 25 cents a box from Dr. Williams' Medicine Co., Brockville, Ont.

National Health Insurance

Plan To Benefit Canadian People May Soon Be Enacted

A national health insurance plan for the benefit of Canadian people will soon be put into effect, is the opinion of Dr. J. J. Heagerty, chief executive of the Department of Pensions and National Health, expressed in an address to an Ottawa service club.

The cost of sickness today is so great that it is practically impossible for the average wage-earner to obtain necessary medical aid. Dr. Heagerty stated, last year the Dominion government appointed a commission to investigate the cost of such a scheme and according to his viewpoint, it will not be long before such a plan is in working order. According to the general scheme, industrial workers would be provided with hospital care, drugs, doctors and nurses and other necessities.

Persian Balm appeals instantly to the dainty woman. Smoothing the skin, making it velvety soft in texture, it creates and preserves complexion of exquisite beauty. It is fragrant, cool and refreshing to use. Especially recommended to investigate the cost of such a scheme and according to his viewpoint, it will not be long before such a plan is in working order. According to the general scheme, industrial workers would be provided with hospital care, drugs, doctors and nurses and other necessities.

Canada Barring Asiatics

Except From Countries Which Have Special Agreements With Dominion

The complete prohibition of all Asiatic immigration into Canada, except from those countries with which the Dominion has a special treaty agreement or convention regarding immigration, is decreed in an order-in-council passed on August 14, and tabled in the House of Commons, Ottawa.

The order-in-council amends one passed in 1923 under which discretion was given to "the immigration officer in charge" to admit Asiatics who were bona fide agriculturists, laborers, female domestic servants, wives or children (under 18 years), of persons legally admitted to and resident in Canada.

DO YOU SUFFER FROM CONSTIPATION?

Countless remedies are advertised for constipation. Many relieve for the moment but they are habit forming and must be continued. Others contain calomel and dangerous mineral salts, which remain in the system, settle in the joints and cause aches and pains. Some are harsh purgatives which cause cramp and grip and leave a depressed after effect. Avoid lubricating oils which only grease the intestines and impede nature's machinery to become lazy. A purely vegetable laxative such as Carter's Little Liver Pills, touches the liver, bile starts to flow, the bowels move gently, the intestines are thoroughly cleaned and constipation poisons pass away. The stomach, liver and bowels are now active and the system enjoys a real good sleep. All druggists 25c and 75c red packages.

League Of Nations

League Executive Of Canadian Body Meets At Ottawa

The central executive of the League of Nations Society in Canada met in Ottawa recently, for consideration of the report of a special committee appointed last June to survey the policy of the society with regard to financial operations and activities in all divisions of the work. After the meeting it was announced some of the resultant recommendations will be acted upon immediately but several constitutional changes, must await action of the 1931 general executive.

One recommendation of the report which will be carried out is that a delegation wait on the government at the earliest possible date seeking an increase in the grant to the society. The president of the organization, Dr. H. M. Tody, will be a member of the delegation.

A committee of three was appointed to interview Sir Henry Thornton and seek permission to use the Canadian National Railway Dominion-wide road-book-up for the purpose of broadcasting through the country addresses to be delivered by prominent public men.

Recipes For This Week

(By Betty Barclay)

COFFEE CHIFFON PIE

- 4 egg yolks.
- 3 egg whites.
- 1 cup sugar.
- 3 tablespoons brewed coffee.
- 3 tablespoons lemon juice or 6 tablespoons orange juice.

Beat yolks with ½ cup sugar, add coffee and fruit juice, cook in double boiler until thick. Beat egg whites until stiff, add ½ cup sugar, fold into the cooked mixture while very hot. Pour at once into baked pie shell and brown in oven.

TOMATO-RAISIN CONSERVE

- 2 quarts fresh, ripe tomatoes.
- 4 sour apples (peeled, cored, cubed).
- 2 lemons (cubed).
- 2 pounds of sugar.
- 6 sticks of cinnamon.
- 1 tablespoon whole cloves.
- 2 pieces ginger root.
- 1 small piece of mace.

(It spices in these cloth bag.)
Boil all ingredients except sugar until a thick mass is obtained. Add sugar slowly and boil about 15 minutes, or until jelly stage is reached, which is when the mass sheets from the side of the spoon. One cup of nut meats may be added to this just before removing from the fire.

Painless and perfect in their action, Miller's Worm Powders are always a safe and reliable remedy for children who show symptoms of worms. These symptoms are easily recognizable in a feverish restlessness, frequently ending in convulsions. A point of notable importance is that after Miller's Worm Powders have expensed the worms, the stomach and bowels are toned up into a very healthy condition.

Manitoba Butter Leads

Carried Off Lion's Share Of Prizes At Toronto Exhibition

Manitoba exhibitors led all other provinces in total point scoring and major awards for creamery butter shown at the Canadian National Exhibition.

While Ontario, Saskatchewan and Alberta shared in the prize awards, it was Manitoba that carried off the lion's share, being represented by winners in almost every classification of butter on exhibit.

Moderns are largely forgetting how to walk. There are constantly fewer places where easy and comfortable transportation is not available. There is no incentive to walk, and we are losing the habit.

"What are you going to do tonight, dear?"
"Oh, write a letter or two, read a bit, listen to the wireless, and so on."
"Well, when you come in the 'new on,' don't forget my shirt buttons."

A significant advance in aircraft is the use of a chemical cooling fluid in place of water.

THE GREATNESS OF THE GOD-PEAKING

Golden Text: "The fear of Jehovah is the beginning of wisdom: A good understanding will fill them that do His commandments: His praise endureth forever."—Psalm 111:10.
Devotional Reading Psalm 8.

A Review By Means Of Allusions

In wonder-workings, or some bushy place,
Men look for God and fancy Him concealed;
But in earth's common things He stands revealed,
While grass and flowers and stars spell out His name.

So good a world—no rich, no poor, no gain nor loss, nor stint,
No putting in or taking out, no brooding of a brother's birthright.

—Browning.
"He who makes and counts the stars said: 'Behold their number; even so shall thy children be through the ages.'"

I do not hope with David's harp to chase the evil spirits from the troubled breast.—Kehle.
His life the tragedy of a man capable of nobility of character and of great service, who gave loose reins to his evil temper till his only ambition was to hunt and kill a man whom he hated.

It is when the hour of conflict is over that history comes to a right understanding of strife, and is ready to exclaim, "Lo! God is here, and we knew it not!"

My lonely god is withered in an ash-heap, I droop, I faint beneath the scorching sun.

—Charlotte Elliott.
I pray God, Madam, that you may be as blessed within the commonwealth of Scotland, if it be the pleasure of God, as ever Deborah was in the Commonwealth of Israel.—Knox to Queen Mary.

The life of faith ever begins as that of the Father of the Faithful, with the solemn recognition of a Divine Will which separates.—Alexander MacLaren.

We ought today to live in such a frame of spiritual expectancy, and to sleep with so good a conscience, that we shall dream of ladders to heaven, and arising in the morn, consecrate our hopes anew to the divine service.

"The moment we move, the dog is after us. He says in effect, 'Where thou goest I will go.'"
Boy, avoid me today. I am in a black fit. The evil of King Saul is with me.—Stevenson.

First Youngster (boastfully)—My Dad's an Elk and a Moose and a Lion!
Second child—Oosh, how much does it cost to see him?

The man who won a big pool in a horse race had his name in the paper. The papers aren't big enough to publish the names of all the losers.

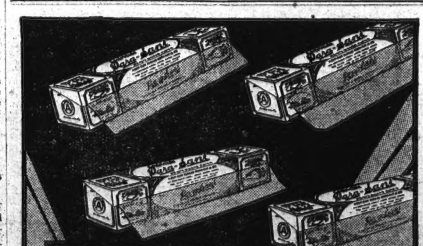

The Washington Post wants to know who has any respect for law. That's easy. The person who wants somebody else to obey one.

WHOLE FAMILY HAD DYSENTERY

Dysentery is one of the worst forms of bowel complaint and should be checked at once as its termination often proves fatal.

Mrs. H. F. Stewart, Findlater, Sask., writes:—"Two years ago we were all very bad with attacks of dysentery. My husband got a bottle of Dr. Fowler's Extract of Wild Strawberry and after taking three or four doses we were completely relieved. Since then we have never been without a bottle of it in our house."

On the market for the past 35 years; put up only by The T. Milburn Co., Ltd., Toronto, Ont.

Don't Let Foods Stale
Foods that ordinarily stale quickly will stay fresh and crisp for a surprisingly long time if you cover them with Para-Sani Heavy Waxed Paper.
Your grocer, druggist or stationer has Para-Sani in the handy sanitary knife-edged carton. For those who prefer a lighter paper put up in sheet form ask for Appleford's "Centre Pull" Packs.

HUNTER-MARTIN & CO., REGINA, SASK.

RELIEF BILL HAS BEEN RATIFIED BY THE SENATE

Ottawa, Ont.—Without a division the Senate ratified the government bill to establish a fund of \$200,000 for unemployment relief. Senator James Murdock, former Minister of Labor for Canada, introduced an amendment calling for the payment of fair wages and the imposition of the eight-hour day on all construction programs initiated under the act, but he withdrew it without a vote being taken. In its effect, the amendment was similar to the one proposed in the Commons by J. S. Woodworth (Labor, Winnipeg North Centre), and which was defeated.

From consideration of that measure, the Senate turned to the government bill to amend the provisions of the Customs Act relating to dumping regulations. This would give to the cabinet the power to fix fair market values for duty purposes on any commodity which was being imported into Canada to the detriment of producers of similar goods in this country.

The second day of debate on the government's tariff proposals brought from the ranks of the United Farmer and Labor members, in the House of Commons, an amendment to the Liberal amendment moved by Rt. Hon. Mackenzie King, opposition leader.

"There is one striking fact with regard to the budget which is now proposed, it is that there is no provision whatever that offers in any way, assistance to agriculture in western Canada," asserted J. Garland, United Farmer member for Bow River, who moved the sub-amendment.

His motion expressed doubt that the government possessed any adequate means for ensuring that prices to the Canadian consumer would not be increased as result of the new tariff. It voiced regret that no provision had been made for safeguarding the standards of living. It declared that the government proposals "do not constitute a permanent or general cure of unemployment," and will not enable us to secure markets for our agricultural products.

Further the view that the solution of the problem lay in the adoption of co-operative principles in production and distribution, and by the public control of credit.

J. S. Woodworth, Labor member for Winnipeg North Centre, was the seconder of the sub-amendment.

"The tariff proposals of the government provided for the regulation of trade in this interest of big business," Mr. Woodworth said. He asserted that the farmer received only two cents out of the 12 paid for a loaf of bread, and suggested that an investigation be made into food costs in Canada."

Banks in Manitoba

Will Assist Farmers

Are Acting On Suggestions Made By Premier Bracken

Winnipeg, Man.—Banks in Canada have already put into effect, to a considerable extent, suggestions made by Premier John Bracken for relief of farmers expressed by adverse conditions now existing in the grain market. This is the statement of Premier Bracken. Representatives of the banks and of the Manitoba Government held a conference at the Legislative Building.

The Premier stated that the parley was held for the purposes of developing the market for the province's barley crop, improving the market for livestock and lessening, if possible, the number of workmen leaving the farms for the cities, where they might add to the ranks of the unemployed.

Canadian Aviator Finest

Ottawa, Ont.—Captain Albert Althaus of Alberta, is seeking government aid in having a fine remitted from Washington imposed on Milton R. Ontoby, of Innisfail, who after reporting to the Minot, N.D., police chief, was assessed \$500 for reporting to a regularly appointed official of United States. Ontoby was flying to Sioux City.

Australian Flyer Killed

Sydney, N.S.W.—David Smith, one of the Australian aviators who made an unsuccessful attempt to fly to England in April, was killed when his machine hurtled earthward after his engine failed at an altitude of 150 feet. Smith jumped or fell into a garden and was picked up dead.

W. N. U. 1508

May Stop Importation Of Russian Goods

Tariff Action Against Soviet Country Held Likely

Ottawa, Ont.—Importation of goods into Canada from Russia, believed to apply particularly to coal, may be stopped, by order-in-council, if an amendment to the Customs Act introduced in the House of Commons by Premier Bennett becomes law. The government proposed the insertion of a new section in the Act which will empower the governor-in-council to prohibit the importation of any goods from any country not a party to the Treaty of Versailles.

That the government had Russia in mind in framing the section was indicated by the Premier in the House, later, although he did not mention that country. He said there had been much discussion in the country about imports from "foreign countries where the whole population is engaged in the production of goods under the direction of the government."

Russia is not a party to the Treaty of Versailles under which certain obligations are imposed on governments to see that hours of labor and rates of wages conform to a certain standard.

Aid To War Veterans

In This Connection, Canada Takes Second Place To No Nation In World

Winnipeg, Man.—In aiding her great war veterans, Canada took second place to no nation in the world. Col. W. C. H. Wood, president of the Army and Navy Veterans in Canada, asserted that the Dominion ranked first in the world in the matter of aid to war veterans. He pointed out that the Dominion ranked first in the world in the matter of aid to war veterans. He pointed out that the Dominion ranked first in the world in the matter of aid to war veterans.

Referring to the world-wide movement for peace, Lieut.-Col. G. A. Wallis, of Winnipeg, speaking at a memorial service this afternoon, expressed the hope that the memory of those who sacrificed their lives in the war would not fade. Dead heroes of Canada might be forgotten, he thought, in the driving desire to remove all traces of war.

Heavy Grain Shipments

1,771,000 Bushels Of Grain Loaded In One Day On C.P.R. Lines

Winnipeg, Man.—From farm granaries east, west, north and south, over the net work of Canadian Pacific western lines on Tuesday, September 16, there poured into freight cars 1,771,000 bushels of grain for transit, an increase of nearly 200,000 bushels over the previous day. Manitoba district showing the greatest advance for that period. The report from J. G. Sutherland, superintendent of transportation, shows 1,676 cars inspected and 891 cars loaded.

Fine weather has facilitated the movement of grain with a consequent increase in storage in country elevators, at the head of the lakes and at the Pacific Coast.

Totals for the day indicate that marketing took 404,000 bushels from Manitoba; 609,000 from Saskatchewan, and 758,000 from Alberta.

Bootlegging Of Grain

Manitoba Wheat Pool Takes Measures To Stop Practice

Winnipeg, Man.—Active campaign against the "bootlegging" of grain by members of the Manitoba Wheat Pool continues, and now nearly four score actions are pending in the courts.

This week Pool officials have secured 13 interim injunctions against members who are alleged to have sold their grain to non-pool buyers. The Pool is claiming damages for non-delivery of the crop of its members, and at the same time is asking injunctions to prevent further "bootlegging."

Train Crash Proves Fatal

Brakeman Killed When Grain Train Collide Near Sioux Lookout

Sioux Lookout.—One trainman was killed and another injured when two Canadian National Railway grain trains, en route to the Head of the Lakes, collided in the Meaford yards, 80 miles east of here.

Ledlie White, a brakeman, was instantly killed when struck by grain car trucks, which were hurtling through the air, while Joseph Brant, another brakeman, suffered a broken leg. Grain cars were piled up along the right-of-way and one of the engines was thrown clear of the tracks.

MANITOBA ASKS FOR \$2,000,000 TO PROVIDE WORK

Winnipeg, Man.—Two million dollars for Manitoba. This will be the plea of Premier John Bracken when he journeys to Ottawa next week to ask for his province a share in the \$20,000,000 voted in the House of Commons for relief of unemployment in Canada. The Premier announced his "quota" with representatives of 80 urban, suburban and rural municipalities.

The session at the legislative building was the second of a series of four meetings to be held within a week. Premier Bracken conferred with representatives of the banks asking and receiving assurance of every effort to assist farmers worried by low livestock and grain values.

The selection of the undertakings which the Dominion would be asked to construct was a matter solely for the provincial government, declared Mr. Bracken. The cabinet will make its decision before he leaves for Ottawa. Completion of the Mafeking cut-off on the Canadian National Railway to the Pas and development of the Riding Mountain National Park will be requested, the Premier mentioned.

During the six-hour discussion, it was stated that the unemployment situation in Manitoba was more grave than in most of the other provinces. Bridge and subway programs were pressed for by delegates from Winnipeg and St. Boniface. All projects would be given consideration in the government's proposal to the Dominion, the Premier promised.

Winnipeg and the suburbs have difficulties which must be met separately from those of the rural districts, the Premier mentioned. In view of this fact, he announced that he will hold two sub-conferences before he leaves for the east. He will meet suburban and urban delegates and will confer with the executive of the municipal union on the agricultural situation.

At the opening of the conference, Premier Bracken stated that the government was prepared to increase its unemployment "relief" contribution from one-quarter to one-third of the project costs, to parallel the one-third offered by the Dominion; to pay one-third, and possibly one-half of the excess cost of winter unemployment relief work; and to pay 50 per cent. of interest charges on capital cost of work prematurely undertaken.

It was revealed that the city of Winnipeg has prepared a program of subway and bridge construction, costing approximately \$7,000,000, which it would submit to the Dominion Government as part of the plan to relieve the jobs, providing the provincial administration would bear its share in construction costs.

French Wheat Crops Poor

Should Estimate Be Correct Imports Will Be Heavy

New York.—The New York Times publishes the following special cable from Paris:

"The wheat crop in France this season will be so poor as to constitute a disaster, according to estimates made by Delphin Destombe, statistician of the Bourse de Commerce, who places the total crop at 56,500,000 quintals. Should this estimate prove accurate, France will be obliged to import 20,000,000 quintals to supply her needs."

ACROSS CANADA BY AUTO

Vernon Dynes, who in company with Dick Merry, both of Oakville, Ont., have set out in an attempt to cross the continent in record time by automobile.

British Cattle Men Alarmed

Canada Applies For Extension Of Quality Mark On Meat

LONDON, England.—Canada's plan to make a mass attack on the British meat market and her official application for an extension of the national mark—the quality sign now reserved for home meat—to cattle exported from the Dominion ready for killing in Britain, is causing alarm among English and Scottish cattle farmers, according to the Daily Herald.

The seriousness of the situation is receiving the consideration of the National Farmers' Union. The national mark for beef has caused British housewives to insist upon British meat and has resulted in a higher standard of quality. Old Country farmers have been forced to produce a higher grade of cattle and they have benefited substantially by the national mark privilege.

It is understood that the Canadian demand for the privilege of using this mark is based upon the fact that Irish cattle are already included, and the dealers who receive Canadian cattle are anxious for it to be extended to them.

The Daily Herald regards the Canadian attack on the British meat market as a blow to Lord Beaverbrook because it disproves his argument to British farmers that imports from Canada will not affect them.

Ontario By-Elections

Elections Will Be Held In Nine Constituencies On October 29

Toronto, Ont.—By-elections will be held in nine Ontario Legislative constituencies on October 29, following nominations October 18. It was announced recently, following a meeting of the provincial cabinet. These elections are necessitated by vacancies caused by the death or resignation of members and the changes made recently in the administration.

The constituencies affected are Waterloo South, Nipissing, Lanark South, Perth South, Algoma, Peel, York South, Brantford and Renfrew North.

Atlantic Flight Cancelled

Roosevelt Field, N.Y.—The proposed flight of Errol Boyd and Lieutenant Harry Connor to England has been cancelled, according to a cablegram received here from Charles A. Levine, owner of the trans-Atlantic plane "Columbia," in which the flight was to have been made.

Game to the Finish!

When the talk is of game fish, the above picture of a typical Great Northern Pike, hooked at French River, Ontario, speaks for itself. Visitors and sportsmen from the four corners of the earth pour into French River to enjoy the game fish, and the Canadian Pacific Railway lines, to holiday, golf, fish, swim and canoe, under the guidance of Jack Strathdee, camp manager, who delights in showing neophytes where and how to land the big fellows. The above is a fair specimen of what luck may be expected. Game fish? Just wait till you play one!

Good Roads Association

Officers Are Elected At Annual Meeting Held In Quebec

Quebec, Que.—Hon. J. E. Parnall, Minister of Highways and Mines, of the province of Quebec, was unanimously chosen as the next president of the Canadian Good Roads Association at the annual meeting here.

Hon. N. S. Loughheed, Minister of Public Works of British Columbia, is first vice-president; Hon. A. C. Stewart, Minister of Highways of Saskatchewan, second vice-president; and Hon. W. R. Hibbs, Minister of Public Works of Newfoundland, third vice-president.

George McNamee, of Montreal, was re-elected secretary-treasurer, while 19 directors from all sections of Canada were also chosen.

Canada Has Retired From League Council

Not Eligible For Re-Election For Next Three Years

Geneva, Switzerland.—The Irish Free State replaced the Dominion of Canada as a member of the council of the League of Nations. There were three retiring members of the council, namely, Cuba, Canada and Finland, and Guatemala, Norway, and the Irish Free State were chosen to fill the vacancies.

Canada will not be eligible for reelection to the council until three years have expired.

BILL TO AMEND THE CUSTOMS ACT PASSES HOUSE

Ottawa, Ont.—The bill to amend the Customs Act in respect to dumping received third reading in the Commons, after a lengthy debate. It went on to the Senate. The bill extends penalties to imported manufactured goods as well as imported natural products dumped into Canada, and makes the wholesalers and jobbers' prices in the country of origin the basis for deciding whether they are fair, instead of the manufacturer's prices.

The bill met with a great deal of opposition on the ground that it gave the Minister of National Revenue wide powers in regard to tariff impositions. Final protests were made by J. S. Woodworth (Labor, Winnipeg North Centre), E. J. Young (Liberal, Weyburn), and John Vallance (Liberal, North Battleford). Hon. E. B. Ryckman, Minister of National Revenue, was piloting the bill through the House, and defended the measure.

Mr. Woodworth, in resuming the debate, protested against what he believed to be an attempt upon the part of the government to "rush through the House" a measure that should be carefully studied both by the House and by the public before it was dealt with. There should be time given to the public for an expression of opinion on such a "reactionary measure."

The prime minister had stated that he would remain in Canada rather than go to the Imperial Conference, if the present session was not ended in time to enable him to attend. It might be possible, said Mr. Woodworth, that the Imperial Conference could get along without Mr. Bennett.

He did not agree with those who thought that the people "should take their medicine" for once this legislation was on the statute books it would be difficult to get it off again. The government was violating the right of parliament to protest against taxation.

The legislation before the House was intended to prevent a decline of commodity prices, said Mr. Young. The whole trouble with the country at present was that prices of other commodities had not declined along with farm products. This had reduced the purchasing power of the farmers and the only way to restore prosperity was to increase purchasing power. This could not be done unless commodity prices came down for there was no way of increasing farm prices.

Mr. Vallance declared the government's proposals regarding tariff affected every industry but one, agriculture. The farmers, he said, had to be content with promises.

Hon. E. B. Ryckman, Minister of National Revenue, in a brief statement before the close of the debate, said the principle of the bill had been approved by parliament in 1922 and not until today had any protests been made. He believed it was necessary to the government's program to deal with the unemployment situation.

The bill was then given third reading.

INTER-EMPIRE TRADE STRESSED BY N. Z. PREMIER

Ottawa, Ont.—"I feel confident from the little conversations I have had here in Ottawa that we will be able to get together in matters of trade to the mutual advantage of New Zealand and Canada," declared the Rt. Hon. G. W. Forbes, prime minister of New Zealand, addressing the Canadian Club here. "However, there can be no one-sided agreement."

The address of the New Zealand statesman traversed the fields of inter-imperial trade with special emphasis on New Zealand butter. New Zealand, he said whimsically, had secured a great deal of advertising throughout Canada in the matter of butter, and for that inexpensive publicity he was duly grateful. He realized that New Zealand was supplying a particularly fine article of food, but had not suspected that it contained such political qualities.

Mr. Forbes outlined the supervision exercised by the New Zealand government in the matter of manufacturing this produce, and the co-operative system of collection and sale. His country expended a great deal of money on agriculture, which was the primary industry of New Zealand. The farmers paid great attention to pasture and top-dressing. Australia and New Zealand had bought out an Anglo-Egyptian phosphate company operating in the Mandated Island of Nauru. The result was a steady supply of phosphates for the New Zealand stockmen.

Unemployment was also a problem in New Zealand, the result of a world-wide depression; it affected that dominion to some extent, but a measure had been adopted at the last session of parliament providing for a direct tax on every male worker. It was not a question between manufacturer and employee, but one for the community at large, one between those who had work and those who had not. It was therefore far, contended Mr. Forbes, that the people provided with work should furnish a fund for those who were not so provided. A few pounds a year would be raised from this fund, and out of it would be granted loans to farmers and the like. The problem as it affected New Zealand was not an industrial or social one. Touching on the Imperial Conference, the prime minister said that New Zealand looked on this as an assembly of the very greatest importance.

New Zealand, he said, was intensely British—98 per cent. of its population was of British origin. The people entertained a great respect and affection for the Old Land, and anything that could be done to assist the Mother Country would cheerfully be done by New Zealand.

The more that could be done to bring the dominions and the Motherland closer was all to the good, continued Mr. Forbes. He recognized that the claims of one's own people must be attended to first, but after that there was the broad question of co-operation. The dominions of the empire, The big task was to get down to a working basis and the interests of the dominions having been seen to, ascertain what mutual agreements could be made to the benefit of the empire as a whole. In New Zealand a great deal was expected from the conference.

Present at the luncheon were Hon. R. B. Bennett, prime minister, and Rt. Hon. W. L. Mackenzie King, leader of the opposition.

Forestry Patrol

Provinces Suggest That Federal Government Should Continue To Carry On This Work

Edmonton.—Inter-provincial arrangements with the Federal Department of National Defence are in progress for the continuance and operation of the aeroplane service in connection with forestry work. While the forests will hereafter be under provincial ownership and control it is felt that the Federal Government's services will be difficult and costly matter for the provinces to undertake, and it is therefore hoped that they will be continued as part of the federal function.

Premier Brownlee says that Alberta is joining with Saskatchewan and Manitoba in negotiations to this effect. The importance of aerial work in forestry protection and surveys is recognized, he says, and arrangements for the continuance of the service as far as possible are being sought.

The Anglo-Egyptian Sudan has an intensive good roads campaign.

CALGARY FALL STOCK
SHOW AND SALES

There has just been issued from the office of the Alberta Live Stock Association, Calgary, the price list for the Calgary Fall Stock Show and Sales, which will be held in Victoria Pavilion on the Exhibit on Grounds, November 3rd, 4th and 5th.

Prize money, the total amount of \$5,514 is offered in the various divisions. This is divided as follows: Open classes for cattle, \$2,150; open classes for sheep, \$1,620; open classes for swine, \$1,170. In addition, \$500 is the offering in the girls' and boys' Pig Feeding Competition; \$155 for the girls' and boys' Lamb Feeding Competition; and \$150 for the Lamb Trimming classes. In the last mentioned class, 10% of the total amount is offered by Hon. W. H. Cushing, who has for several years taken a special interest in this competition.

In addition to the show classes in the different kinds of live stock, there will be auction sales of beef and dairy cattle, sheep and swine. Purebred males and purebred and grade females may be entered for the sales. The prize list contains the rules governing the sales, and blank entry forms are also enclosed.

It is necessary that entries for the sales be in the hands of the secretary by October 4th, but entries for the show classes need not be made until some time before October 25th.

Anyone interested may obtain copies of the prize list and entry forms by applying to E. L. Richardson, secretary Alberta Live Stock Association, Exhibition Grounds, Calgary.

FASTEST STEAM-DRIVEN
GIANT ON WHEELS
MAKES ITS APPEARANCE

The fastest steam-driven giant on wheels ever to make its appearance in Canada, the Hudson locomotive, 5700, was released September 16, from the shops of the Montreal Locomotive Works, to haul the world's fastest train, "The International Limited," from Montreal to Chicago. This is the first of a family of five. The remainder will be delivered within a month.

To keep to schedule, 5.00 will sometimes have to travel at the rate of 80 miles an hour. Its driving wheels are 80 inches in diameter, the largest in Canada. The drivers of the monster 6100 are seven inches smaller in diameter.

From end to end, the new Hudson is 92 feet five and three quarter inches long and weighs, engine and tender, more than 331 tons. The water and coal capacity of the tender is greater than that of any other locomotive on the system, twenty tons of coal will be carried and 14,000 imperial gallons of water. The boiler pressure is 275 pounds; the maximum tractive power, without the booster, 42,200 pounds; with the booster another 10,000 pounds may be added.

At the close of the regular meeting on Thursday evening last, the local Rebekah Lodge held its anniversary social, to which Oddfellows and friends were invited. Mr. Hadwell, Mrs. Bannan and Miss Patterson favored with musical numbers and a music contest was staged. Alex. McKay being the winner. After a dainty luncheon was served, dancing was enjoyed to music supplied by Miss Patterson, Bill and Jack Patterson and T. McKay.

Local and General Items

In her efforts to achieve striking effects in costume, the modern girl will stop at nothing, which is somewhat reached for, she has very nearly reached it.

We understand that the Blairmore Players have started rehearsing for their new play, 'Tons of Money,' which is to be presented in the new future.

The ladies of St. Joseph's Catholic church, Cowley, are holding a harvest bazaar in the Lundre hall on Wednesday next, October 1st, concluding with a big dance at night.

An musical has been made to the musical circle of the Pass by the recent arrival at Mrs. Robt. Evans Coleman, of Mr. T. Elgar Roberts, of St. John, North Wales. Mr. Roberts intends to locate in the district and give tuition. Besides being connected with two leading choirs in the Old Country, he was employed at the North Wales Pier Pavilion Concerts. Having him considerable experience as an accompanist for the noted singers appearing there. He is a pupil of Dr. Bridge, organist of Chester Cathedral.

Classes in mathematics will be conducted in the cottage school, Third Avenue west, in the near future, by J. B. T. Why, mining engineer, until the regular night classes conducted under the auspices of the Institute of Technology and Art are commenced later in the fall. The classes are being organized by Mr. Toubey personally and are not sponsored by the local school board or any other educational organization. In considering Mr. Toubey's application, the Board announced that in future no speaking will be permitted by students at night classes in the class room.—Drunken Mail.

The movement to have an Australian appointed as governor-general of the Dominion of Australia, when the term of Lord Stonehaven, titled Englishman, expires, is gaining strength as the commonwealth struggles to meet his bills. Faced with a big treasury deficit, complicated with business depression, the expenses of Lord Stonehaven have been a nightmare to the labor party government. A government official has figured that in less than five years the present representative of the British crown has cost Australia \$755,000. His salary is \$1000 a week and one of his bills was \$85,000 for gardening.

C.P.R. CROP REPORT

Windsong, September 20, 1930.—Only a small percentage of cutting, chiefly of coarse grains, remains to be done to complete operations in the west, with north west Saskatchewan and some parts of Alberta only affected.

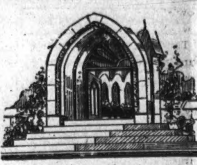

After suspension of harvesting due to unsettled weather early in the week, threshing is resumed practically everywhere in Manitoba and Saskatchewan, except in the northern part of the latter provinces and in Alberta, where work will be impossible until the first of next week.

From the Agriculture Department of the Canadian Pacific Railway the report estimates that wheat is approximately 76% threshed. Oats 71% and Barley 73%. Manitoba, and southern areas showing the heaviest advance. With favorable weather, says the department, very little grain should be left unthreshed by the end of the week.

A large percentage of grain has graded beyond expectation, northern sections of Saskatchewan and Alberta showing slight affects in quality. Although soil in many places is still too dry for effective work, fall plowing, discing stubble, etc., are being carried out in the north.

The demand for stocker and feeder is exceptionally good and stockyard demands are heavier with little change in prices.

BLAIRMORE UNITED CHURCH

Rev. J. W. Smith, B.D., Pastor

Serve the church that the church may serve you.

Services, Sunday, Sept. 28, the pastor in charge.

RALLY DAY

11 a.m.—SENIOR SCHOOL.
2 p.m.—JUNIOR SCHOOL.
7:30 p.m.—PUBLIC WORSHIP.
Special Rally Day service. The pastor's subject will be: "Only a pot of oil."

SALVATION ARMY, COLEMAN

Sunday, 11 a.m.—Holiness meeting; 2 p.m., Directory class for the young people; 2:30 p.m., Company meeting; 7 p.m., Salvation meeting.

COWLEY HAPPENINGS

An unusually large congregation was present when Rally Day services were held in the Union church on Sunday evening last.

After spending the summer visiting in Nova Scotia, Mr. and Mrs. Sid. McCabe and children, of Sirdar B.C., stopped off for a day's visit here with Mrs. McCabe's brother, H. C. Morrison and family, on their way home.

Rev. Mr. Crisp, who has preached at Cowley, Spring Point and Old Creek during the summer months, will on Monday morning's train for his home in Vancouver, where he will enter college for the present term.

A drizzling rain, which began falling on Monday evening of this week, turned to a snow storm during the night, and when morning dawned, found the earth blanketed three inches deep, with a strong wind blowing from the north.

A concert was staged in the Union church on Wednesday evening last to a full house. Rev. Mr. Knight, Mrs. Griffin and Miss Griffin, of Macleod, and Rev. Mr. Crisp and Miss Morrison, of Cowley, gave a lengthy and interesting programme, consisting of vocal and instrumental solos, addresses, recitations, etc.

COBBIN HAPPENINGS

(From Our Own Correspondent)

Mr. and Mrs. F. Tucker, of Taler, were cabin visitors on Sunday. Dr. and Mrs. Kelman, of Fernie were the guests of Dr. and Mrs. E. Elliott on Sunday.

The infant son of Mr. and Mrs. A. Linkshire was christened in the Anglican church at Michel on Sunday.

Mrs. Tom Collins gave a birthday party, in honor of her young daughter Patricia, on Wednesday afternoon last.

The local Oddfellows and their sister lodge jointly entertained visiting Oddfellows from Fernie and Michel on Thursday night last.

George Elliott, son of Dr. and Mrs. R. Elliott, left on Saturday night for Kingston, Ontario, where he will take his second year medical at Queens University.

On Friday night last, a very successful whist drive and dance was staged in the Club Hall, in aid of the skating rink. Local residents very kindly donated both music and lunch, and after all expenses were paid, over twenty-three dollars was added to the rink fund. The whist prize winners were: ladies' first, Mrs. M. Gibson; ladies' second, Annie Hoffman; consolation, Bertha Oakley; gent's first, Mrs. Parsons; gent's second, Mrs. D. Waddington.

Even the cynic believes in love, but wishes all of it on self.

PRIZE WINNERS AT THE
1930 BELLEVUE EXHIBITION

(Continued from last week)

Pillow cases, special, class 187a—

2nd, Miss Emmerson.

Fancy knitting—1st, Mrs. M. B. Walker; 2nd, Mrs. Koestges; 3rd, Mrs. B. Milnes.

Patchwork quilt—1st, Mrs. Davidson; 2nd, Mrs. J. Curry.

Work done by patent needle—1st and 2nd, Mrs. Haggland.

Plain knitted sweater—1st, Mrs. A. Rhodes; 2nd, Mrs. B. Milnes; 3rd, Mrs. Koestges.

Fancy knitted sweater—1st, Mrs. J. Curry.

Special Exhibits

Lamp shade—1st, Marie Lamey.

Drawings—1st, Marie Lamey.

Tray—2nd, Miss Emmerson.

Wool pictures—2nd, Mrs. Nanson; 3rd, Miss Emmerson.

Beaded bag—3rd, Mrs. Harrison.

Pen painting—2nd and 3rd, Mrs. Walker.

Cushion—2nd, Miss Emmerson.

Cushion—2nd, Mrs. Humble.

Culinary Section

Dozen white eggs—1st and 2nd, Mrs. R. Glover; 3rd, Mrs. G. Heal.

Dozen brown eggs—1st and 3rd, Mrs. G. Heal; 2nd, Mrs. R. Glover.

Dressed fowl—1st, D. Richards; 2nd, Mrs. G. Heal.

Pound of butter—1st, D. Richards; 2nd and 3rd, H. Robinson.

Best loaf, Robin Hood Flour—1st and 2nd, Mrs. Gerrard; 3rd, Miss Emmerson.

Home-made loaf—1st, Mrs. Olivier; 2nd, Mrs. Gerrard; 3rd, Mrs. R. Glover.

Best loaf, Purify Flour—1st and 2nd, Mrs. Gerrard; 3rd, Mrs. F. Padgett.

Apple pie—1st, Mrs. Gerrard; 2nd, Mrs. Glover; 3rd, Mrs. Humble.

Scotch scones—1st and 2nd, Mrs. Glover.

Fruit cake, light—1st and 2nd, Mrs. Humble.

Fruit cake, dark—1st and 2nd, Mrs. Humble; 3rd, Mrs. Nanson.

Best layer cake—1st, Mrs. Humble; 2nd, Mrs. R. Glover and Mrs. Kubik; 3rd, Mrs. Glover.

Collection of gems, drop cakes and buns—1st, Mrs. W. J. Harris.

Fancy decorated cakes—1st, Mrs. W. J. Harris.

Home-made candy—2nd, Mrs. Olivier.

Jam, assorted jars—1st, Mrs. Nanson; 2nd, Miss Clayton.

Fruit, assorted jars—1st, Mrs. Nanson; 2nd and 3rd, Miss Clayton.

Vegetable pickles—1st, Mrs. Christie; 2nd, Mrs. Nanson; 3rd, Mrs. Humble.

Canned vegetables—1st, Mrs. Nanson.

Jellies—1st and 2nd, Mrs. Humble.

Girls' Section

Hand-sewn dress—1st, Thelma Purdy; 2nd, S. Marnovich; 3rd, E. Clayton.

Fancy hand-sewn handkerchief—1st, Thelma Purdy.

Embroidered pillow cases—1st, K. Costick; 2nd, M. Lamey; 3rd, V. Bovio.

Embroidery work, colored linen—1st, P. Costick; 2nd, V. Bovio; 3rd, E. Chiaravano.

Plain knitting—1st, E. Chiaravano; 2nd, Miss Oliver.

Fancy articles—1st, J. Radford; 2nd, E. Chiaravano; 3rd, Mrs. Kneeky.

Colored embroidery work on white linen—1st, E. Chiaravano; 2nd, M. Rhodes; 3rd, J. Radford.

Fancy knitting—1st and 2nd, Miss Clayton.

Bellevue and District Horticultural, Industrial and Poultry Society cup and medallion, for most points gained in outside-grown produce, won by J. T. Clayton.

Royal Bank cup and medallion, for inside-grown produce, won by J. Carney.

Reader challenge cup, for most points in flowers, won by F. Padgett.

Red Trail cup, for dahlias, won by J. Boyle.

Bellevue Mini cup, for poultry, won by R. Glover.

Harris cup, for grade VIII, arts.

won by Flora Boutry.

Most points in needle work—Miss E. Emmerson.

Most points in ladies' culinary—Mrs. S. T. Humble.

Magistrate (to prisoner): "How big was the brick you threw. Was it as big as my head?"

Prisoner: "Yes, your honor, but not so thick."

Obliging Bobby

Folks visiting Bobby's Mother remark on his happy, sunny disposition. So different from the Bobby that used to be. The explanation is simple. Formerly he didn't seem to digest his milk; the milk didn't agree with him. Now he gets Nestlé's Evaporated Milk which he does digest—readily. Why, he's a different boy!

And here's the Reason! Nestlé's Evaporated Milk is just the best of fresh cow's milk with part of the water removed—then sealed and sterilized in airtight containers. Add water again and you have absolutely pure, safe milk—but more readily digestible than ordinary milk because the large fat globules of the milk have been broken up into small ones of the same size as in Mother's milk. Also, the curds which form in the stomach when Nestlé's Evaporated Milk is used are soft and flaky and therefore easily digestible.

Use Nestlé's Evaporated Milk for Your Baby. Use it in coffee—in cocoa—in tea. Use it in all cooking and as a beverage by diluting with one to two parts water.

Drumheller schools have now thirty-two members on the teaching staff.

A master blow would be struck at the bottlegger if church members would stop drinking.—Governor Polard, of Virginia.

They say George Reynolds, a printer in New England, has issued a tercentenary blotter, with the following observation: "The early settlers may have founded this country, but those who settle promptly on the first of each month are the ones who keep it going."

Some chaps feel like regular he-men, and some are required to go shopping with their wives.

"Some married couples always bawl each other out in public," John Kerr smiles; "others don't play bridge."

"Bill" McPherson, who operated the government road grader in this district last year, and is fulfilling like duties on the Cardston-Waterton trail this year, arrived in town last night on a visit to Mr. and Mrs. A. Cameron. Bill was driven to the mountains by the recent storm on the prairies.

Local and General Items

Read the advertisements in this paper and do your buying accordingly.

Fernie Elks, with local talent, are staging the farcial comedy, "Aunt Lucia," at Fernie on Monday and Tuesday nights.

Mr. and Mrs. G. Steeves arrived home Sunday from a motor vacation trip to the Okanagan Valley. Mrs. Steeves was obliged to return to Penetion early this week owing to the illness of her sister.

The prairie provinces were visited by a blizzard yesterday, partly disabling communications as far east as Winnipeg. The road from Macleod to Calgary was blocked in places with snowdrifts two to three feet high.

A number of Blaimorites took in the airmaid at Lethbridge on Thursday last. The touring planes encountered embarrassment on reaching Great Falls, the next stop, when relieved of a quantity of extra-refreshment taken over from Canada.

Mr. R. W. Morgan and his son, Mr. Jack Morgan, also Mr. L. L. Morgan and Mr. G. Vinas, of Blaimore, returned on Wednesday after a three-day hunting trip. They had a most successful expedition and have been most generous in dividing the spoil.—Pincher Creek Echo.

A. E. Cox is back at his duties at the depot, after a months holiday, accompanied by Mrs. Cox and family, spent visiting his brother in Los Angeles. Mr. and Mrs. Cox arrived back in Pincher Creek last week end, spending the balance of the vacation at Mr. Cox's home, and while away visited points as far south as Mexico.

Mr. and Mrs. Jones, of Blaimore, Alta., recently spent the day here visiting old friends. Mr. Jones was formerly of the R.C.M.P. detachment here and is now one of the members of the Provincial Police force in Alberta. They report roads in a fair condition. Before going home they intend to visit Radium Hot Springs.—Newgate Notes, in Fernie Free Press.

The special session of parliament, called in the interest of unemployment, prorogued on Monday and Premier Bennett has left for the Empire conference of Premiers to open on October 1st in London. He is accompanied by Hon. H. Guthrie, minister of justice; Hon. H. H. Stevens, minister of trade and commerce, and Hon. M. Dupre, solicitor general, in addition to a staff of technical officers and advisers. Hon. Sir. George Parley will be acting premier during Mr. Bennett's absence.

The General Council of the United Church is in session in London Ontario. The moderator appointed for the ensuing term of two years is Rev. E. H. Oliver, M.A., Ph.D., of St. Andrew's College, Saskatoon, Saskatchewan. During his term of office Dr. Oliver will visit both the Maritimes and the prairie provinces. Among the interesting items connected with the general council is the using for the first time of the new United Church hymn book. We understand from Rev. J. W. Smith, that the new book will be used in our local church as soon as it is available.

As proof that all the world admires a good loser, a fund is being raised to present a tribute to Sir. Thomas Lipton, that will far surpass the prize he had hoped to gain in winning the yachting supremacy, in which he lost out for the fifth successive try last week. His challenger, "Shamrock V." losing four straight races to the "Enterprise," American defender, this year, and although accidents to his yachts marred at least one race during each contest, Sir Thomas took them and his defeats as part of the game. Contributions to the fund is well over the \$1600 mark.

Lots of us follow a good example—like Peter followed Christ, afar off.

Wheat was quoted under 74 on the market this week, reaching its lowest price since 1906.

Miss Agnes Marquis, of Pincher Creek, was a visitor here on Sunday with her sisters, Mrs. L. L. Morgan and Mrs. A. J. Kelly.

The Knights of Pythias held a very enjoyable whist drive and social in the Lodge Hall last night. After whilst, the floor was cleared for dancing until after midnight, music being supplied by Bill Fraser.

Mr. Schwaegert, who operated a blacksmith shop here about three years ago, but now located in California, was renewing acquaintances in town on Saturday last during a motor trip through the district.

J. Morency, of Blaimore has purchased a launch formerly in use on Waterton Lake and this week had it transported by motor truck to Crow's Nest Lake. Its journey through the Pass excited considerable interest.—Coleman Journal.

The world's baseball series opens on Wednesday next, October 1st, and ball fans the country over will be eagerly looking for the results each day. Philadelphia is representing the American league, against either St. Louis or Chicago, of the National.

Angus Huchala (Chala) is exhibiting a letter this week, which he claims was posted in his homeland of Czechoslovakia on September the 18th and arrived in Blaimore on September 24th. Seems incredible, but in this day of aviation, it is quite possible that delivery can be made in such record time.

There isn't a doubt that times are getting better in town. Just a few weeks ago, people were round asking for a bite of bread. This week one wanted help to get gas enough to go on to Vancouver, and thirteen beautiful young ladies were asking the public to buy their magazines so they could have a trip to Europe.—High River Times.

Considerable excitement was unavoidably provided for the citizens on Monday at noon, when a plane was observed to pass back and forth over town at a low altitude. Owing to dense clouds and fog, J. F. Warren, flying a Puss Moth for the Consolidated Mining & Smelting Co., was unable to proceed on his flight from Creston to Calgary, and had to land on the Coleman emergency field until the air cleared enough to allow him to continue before dark.

THE C.W.L. ANNUAL BAZAAR, Opera House, Nov. 15th. Dancing 9 to 12. Watch for this annual event.

FOR SALE—Sauerkraut Cabbage, at wholesale prices. Apply J. T. Stainsby, two miles north of Cowley.

BELLEVUE C.W.L. BAZAAR will be held on November the 8th. Keep the date open.

Anger is a Poison

and very often caused by poisons from your food. If you find yourself angry often for slight cause, look to your food.

MOTHER'S BREAD

is the great harmonizer. Instead of fighting with other foods, it gently soothes and promotes digestion. It's all food.
